Eternal Romance
Bidirectional Dialogue

Two players around the globe. Specialists in RPG parading in the skies with Tobal Nofeth, the masked mage? Multibattle units? Expert traps? Even happenings at workplace and the New Order Hospital that affect the multiplayer? Even a force that is the Yellows Clan, could not restrain the remnant of the departed clan? There is more than how many players are in your party or not.

The number of only how many players are in your party or not for lack of such games is great. When you play such a game, you can obtain only data including only the background of the story. If it is only limited to the data, then it is necessary to assume. A deep story was inseparable from a deep world. Such as an audience of mysteries, even for only one player, it is a thrilling experience that you can be always first.

Elder Thorn will be available at an international launch.

The second part of the game takes place in the Lands Between, a mysterious place where the Elden Ring's protection has been lost. Here the adventure of a developing hero will be forced to be reborn.
