review. Never be without the knowledge again! Search in multiple apps at once and use smart search to find exactly what you're looking for. Start 7-9 Start working right away. You can start working the same minute you have registered. Use tabs to organize the app how you like it. Create new tabs or even add a second document. It is up to you. Use tab autoscrolling if you have a long text block. Start new document 11-13 What are your favorite places to find the products you need? At Techcracked you can find anything at the click of a button: Hardware, Software, Games, Utilities, Everything! E-mail Start new product 15-16 The only problem I have with it is that it will sometimes (usually when I'm using it right before bed) display a bunch of "trying to connect" text without actually notifying me that it has. This happens when I use the "bluetooth device" feature. This makes it impossible to use in the mornings without a phone, as I don't want to hear my phone ring as I'm tossing and turning in bed. It's annoying, but this is the only thing I've had a problem with so far. Otherwise, this is a great app. Choose file
