Drifters- Ready or not, the winds of change are a-blowing. Will your actions change the fate of The Shipbreaker's Daughter? Master craftsman Shipbreaker, Makie Shepard, has learned the hard way that greed can be the ultimate downfall of a wise man. When a storm and a dragon force her to journey to the Northern Continent, Makie thinks her dream to find and marry her beloved, Sten, is one she will never have. Sten, a young, handsome gentleman, is no longer available to her, as he has turned his back on this world. When the daughter of the old, wealthy Carbanel, who once reigned over the Northern Continent, makes her way to the shores of Makie's home village, Master Stave, a message is to be delivered to her. Stave believes that the secrets of the Shipbreaker's Daughter are buried in her family's original maps and writings. A journey to the ruins of ancient Agrandor will uncover a secret that sets off a series of events that will change the lives of all of Agrandor. There is a hidden hand in this game, and only Makie Shepard and Sten Sweeting know the truth! Alpha Tester: If your name is not above, you have an opportunity to help us by beta testing the game. KG Thanks for your interest in the game and your willingness to beta test, but I may not be beta testing this game (unless I want to!). Life is a little crazy these days. Plus, I'm not in a very beta-testing-personality-y mood. I'd hate to get behind schedule on the release date. KG If you find another meaning in the story, I'd love to hear it! Please write it down in the section below. I'd also like to know what you think about the concept, as I'm still working on the story. Characters: Shipbreaker and Makie Shepard: According to the legend (or myth), the Shipbreaker's Daughter is said to be a beautiful young woman created in image of the Shipbreaker's wife, the princess of Agrandor before the end of the world came to take the princess away to some other place. The Shipbreaker's wife is the fair princess whom we meet in the beginning of the game in the local tavern at the bottom of the Lighthouse, an abandoned lighthouse which is

Features Key:

- Unique action-packed loot shooter characters with a sci-fi comic book aesthetic
- 3 unique characters with high-end loot-gathering abilities
- Great game music for a great game experience

Originally released in 2013, Loot Hero DX has returned for another all-new release, with a thrilling updated single player campaign as well as a dynamic split-screen multiplayer mode!

As the droids commence their mission to destroy the rogue mechanoids on the planet of Luna, new hero Loit must follow his urgent orders from his commander, and explore different vehicles to overcome the challenges posed by the sheer excitement of the first person shooter genre!

Featuring a rich and fascinating storyline with all new original characters, now the droids have returned to and mischievous mechanoids have taken over its lands, Humans must rise up and defeat them in order to save the planet! It's up to you whether to join the droids or the mechs in their quest to plunder the interstellar Galaxy!

But that's not all...

During the game play, every encounter gives you the chance to loot a golden item. As the golden item is collected, the hero character and all the items and equipment inside of the golden item are transformed into a loot drop. This means that your equipment gets upgraded inside the character golden item and automatically activates as soon as the golden item is looted. This is an optional feature.

Aside from the individual loot drop, additional loot drops can be earned by leveling up the above-mentioned enhancing items for your hero!

Additional options can be changed, including from the lock icon in the bottom right corner in the game menu.

Game Features:

- Original characters with a sci-fi comic book aesthetic
- High-end loot-gathering abilities
- Play against opponents & computer AI
- Online Multiplayer modes
- Splitscreen Multiplayer modes
- Additional loot drop options for player equipment
- Good Price & Free to Play Game

Beware of all the mystery and terror that you may find in this game. A beautiful island with a dark and mysterious history awaits you! Explore its massive levels and discover a whole new gameplay experience that breaks the boundaries of traditional hidden object games. Warning! While the game may be played alone, it may also be an excellent source of motivation to complete it. The soundtrack may trigger flashbacks, so beware! There are many possible endings, this is only one of the ways it can end! This game is not based on a single storyline, but on multiple different storylines, as in real life. If you like games like: Puzzle Quest 2, A Bug's Life, Where's My Water?, Showtime, etc. Note: there are different endings for every level and therefore, every time you will play the game, you will get a different set of endings! Reviews for People Who Bought the Full Version: "This game is quite a genre breaking game. This is the beginning of the second-generation HOG games in terms of gameplay style and story." - GAMEZICHE "I never thought that I would want a game to end with a cliffhanger. For once I was wrong. This is a great new HOG game with an excellent narrative and great gameplay. To be honest, I didn't think I would enjoy a HOG game so much but I did. The only bad thing is that the game didn't let me reach the last level." - Rocklore.com "The quality of this game is incredible, and all the different storylines work perfectly together with the gameplay. There are a lot of puzzles and mini-games, which are well suited for the storyline and tone of the game." - Wawas.net "I think that the creators of this game intended for it to be more interactive, but for many it may look like a HOG without a personality. The main reason for this game's success is the story, which is so well written that it also hooks the players." - Zdnet.com.ua "I thoroughly enjoyed the game, thanks for the warm welcome, and a big thank you for not making it a full bore epic thing. My character was key in my personal choice and I'd tell anyone considering buying this to make sure they enjoy

In the long history of video games, achievements have always been a very unique concept. With the ever growing complexity of many titles that have come along with the rise of gaming on consoles and computers, the concept of "achievements" has grown exponentially in that sense. After all, the main goal of a videogame is to
