A: If you use AddRange, and adding you Collection in thread other than the UI thread, than you must override OnCollectionChanged method, and rewrite a logic of adding and adding items to the UI thread, because the AddRange is probably used in different threads. #f0f0f0; @panel-info-text: @panel-info-bg; @panel-info-border: @panel-info-bg; @panel-success-text: @panel-success-bg; @panel-success-border: @panel-success-bg;
